

MICROWAVE

Microwave Oven is for more than just defrosting and heating food – our emphasis is on saving cooking time without compromising on taste. We present a professional product designed with the most intricate details in mind to make everyday cooking a pleasure.

PERFECT FUNCTIONALITY

This Microwave Oven features 5 power levels and 8 automatic cooking programmes, all made easy with simple, neat touch control. Simply select the cooking programme you want, specify the weight of the food, and let the oven do the rest.

SUPERIOR PERFORMANCE

For extra versatility, our Microwave Oven also includes a grill function, adding an authentic browning and crisping effect to your microwaved dishes – for fantastic results every time.
