

LAUNDRY

Mia Cucina's high-functioning washer dryer provides you with the ultimate level of flexibility and freedom, washing and drying your clothes precisely the way you desire. Packed with a wide range of features, this innovative and efficient unit perfectly controls the laundry cycle from start to finish - allowing you to get on with other tasks.

LARGE LOAD CAPACITY

With a spacious stainless steel drum interior, the washer dryer can wash up to 8 kg and dry up to 5 kg of clothes. It is operated by a button control and manual knob. The large loading capacity provides excellent results and reduces the number of washes required, meaning less water and energy are consumed.

EXCELLENT PERFORMANCE

You can enjoy a complete laundry care with total 18 programmes, of which provide different express washing to decrease laundry cycle for efficiency. The combined programmes can also wash and dry in one go, ensuring the clothes are not only perfectly clean, but also softly dry.

WOOL APPAREL CARE

Do you have delicate woollens that you are afraid of putting through the wash? The 'wool' function is specially designed to be gentle to your most cherished wollen garments and wash without damage.

DELAY START

This function makes managing your time easier by giving you the flexibility to choose when the laundry cycle starts and finishes. The start of a programme can be delayed for a certain amount of time.

OVER FLOW SAFETY SYSTEM

The washer dryer is equipped with a safety system to prevent faults by stopping the machine from taking in too much water and avoid any water leakage.

ENERGY EFFICIENT

Mia Cucina's washer dryer has been awarded Grade 1 Hong Kong Energy Label and Water Efficiency Label, making it good for both your bills and the environment.
