PHILOSOPHY

Mia Cucina ("My Kitchen" in Italian) focuses on creating unique, one-of-a-kind kitchens that integrate seamlessly with your personal dream home. With a philosophy of "The Kitchen with You in Mind", Mia Cucina's Total Kitchen Solution is tailored and customised according to the cooking habits and preferences of each individual customer.

We are dedicated to putting our customers first by designing and creating empathetically — to forge the perfect kitchen for each individual. Mia Cucina offers end-to-end service, all the way from consultation, planning and design to installation and after-sales maintenance.

Mia Cucina's Total Kitchen Solution is inspired by renowned cooking experts and kitchen designers — centering on contemporary, sleek and sophisticated Italian aesthetics realised with first-class European materials. Mia Cucina believes beautiful products with a personal touch are an essential first step to creating an ideal cooking space.

VALUE

PROFESSIONAL PRODUCTS

Through our love for great kitchens, Mia Cucina creates products that are truly one of a kind.

Our products are inspired by Italian style and held to the highest European standards. After a stringent design process that considers every aspect, we use only the finest production materials to provide more durable and stylish appliances.

TIMELESS DESIGN

Originating in Europe, Mia Cucina's appliances are created by expert product designers who stay abreast of the latest trends and integrate these with the functional elements most important to our customers.

Our designs are based on how our customers use our products, which we improve by analysing feedback and constantly looking for new ways to enhance convenience.

SERVICE EXCELLENCE

Supported by Towngas' 6-star service, Mia Cucina offers a Total Kitchen Solution to our customers. We are committed to providing our customers with the best service, from the consultation and design stages to installation and after-sales service.

EAST MEETS WEST

Mia Cucina is passionate about empathetic product design that brings East and West together in the kitchen, integrating the finest European cooking technologies with the rich culture of Chinese gastronomy. Our products are the ideal match for the uniqueness of Chinese cooking, emphasising freshness, seasonality, vibrancy, harmony and style. Every one of our professional-grade appliances expresses its origins while delivering the quality and reliability necessary to create the most authentic Chinese culinary masterpieces.

DOMINO

Precision cooking begins with the right hob. Mia Cucina's built-in hobs combine meticulous craftsmanship with innovative technology to deliver exceptional performance and refined aesthetics. Our thoughtfully curated collection offers the flexibility to configure your cooking space exactly as you envision it.

Each domino is engineered to distribute heat evenly and consistently, transforming everyday cooking into an effortless culinary experience.

DOMINO BUILT-IN GAS HOB

Mia Cucina's built-in gas dominos are designed using simple lines, solid colours, and geometric shapes for maximum visual appeal. Heat is consistent and spreads evenly on cookware to create culinary masterpieces a breeze.

ITALIAN CRAFTSMANSHIP

Made in Italy from the highest quality materials, our gas hobs deliver exceptional power and versatility for your cooking needs.

EXCELLENT PERFORMANCE

The Single Burner Gas Domino delivers 5 kW of power for high-heat cooking, ideal for preparing various Chinese dishes. The Double Burner Gas Domino splits its power between a 3 kW and 1.75 kW burner for additional flexibility.

PREMIUM FINISHING

Our black ceramic glass dominos feature metallic profiles that are easy to clean, with metal knobs to complement the overall design. They retain their attractive appearance even after long-term use.

ENERGY EFFICIENT

Both gas dominos are certified with a Grade 1 energy label, delivering optimal performance while minimizing energy consumption for sustainable cooking.

PRECISION TIMING

Set auto-off time up to 3 hours for individual burners. An integrated buzzer alerts you when the countdown is complete, ensuring your culinary creations are perfectly timed.

SAFETY FIRST

The hobs are equipped with a "Flame Failure Device" to ensure safety. A thermocouple automatically cuts the gas supply if the flame is accidentally extinguished.

AESTHETIC PERFECTION

Purity and symmetry of line makes these dominos an ideal addition to your kitchen. These units can be installed separately, or combined for an appealing sense of elegance and harmony.

CHAMFERED SUPPORT

The chamfered hob design provides robust cast iron support for pots and pans of any size and shape, including traditional Chinese woks, allowing you to create amazing food for your guests without the use of a wok adaptor.

Single Burner Gas Domino MYB31CT

- Made in Italy
- Hong Kong Energy Label Grade 1
- 5 kW double-ring burner
- Timer function
- Rotary knob control
- Black ceramic glass
- Cast iron pan support

OVEN

There is nothing quite like preparing the meal of the day with a fine oven. Our collection ranges from 34 L to 65 L, including a built-in gas oven that is the only one you can find on the market. Mia Cucina gives you the flexibility to choose the perfect fit for your space and cooking requirements. Designed to match with other Mia Cucina appliances, our versatile ovens give you the freedom to explore more culinary options and delight the whole family with new taste sensations.

OVEN GAS OVEN

Made in Italy, Mia Cucina's built-in gas oven guarantees optimal culinary results. Using flame cooking for added practicality, the oven delivers grill and traditional oven functions. Equipped with various temperature settings and a time reminder function, you are assured of the most ideal cooking experience.

Gas Oven

LYV60

- Made in Italy
- 57 L capacity in 60 cm high
- Sensor touch and rotary knob control
- Grill / Oven / Proving function
- Safety door
- Triple glass door

FLAME COOKING

One of the best baking results is achieved with flame cooking by a gas oven. This 57 L brand-new model includes traditional and grill functions with various temperature setting and time reminder to guarantee your meals are cooked professionally and healthily.

PROVING FUNCTION

It is specially designed to maximize proofing for perfect pizza or bread by offering a consistent environment to keep the dough warm and soft.

ROTARY SPIT

Fill your home with delicious aroma of freshly made food, the oven provides a rotary spit allowing various grilling styles, particularly for roasted chickens.

BUILT-IN CONVECTION FAN

With a fan and extra heating element in the interior, the hot air inside is circulated evenly around the food and its wide range of temperature up to 240°C gives more consistency of your cooking and accordingly a satisfactory culinary result.

OVEN

ALL-IN-ONE OVEN

Combines microwave, steam, grill, and air-fry functions in a single appliance, with 12 built-in cooking modes and over 20 recipes to meet various cooking needs.

MULTIFUNCTIONAL EXCELLENCE WITH AIR-FRY

Beyond standard microwave, steam, and grill capabilities, the all-in-one oven features advanced air-fry technology that delivers crispy, golden results with minimal oil. Powerful convection heating and optimized air circulation create perfect texture for healthier fried favorites—from French fries to chicken wings

SMART CLEANING

“Smart Cleaning” function uses 100°C steam to dissolve grease and dirt on the oven walls. The 4D hot air can quickly dry the steam, making it easy and convenient.

TOUCH-SENSITIVE CONTROL PANEL

Touch-sensitive control panel with high-visibility icons and text display for effortless and intuitive menu navigation.

OVEN MULTIFUNCTION OVEN

FOOD PROBE

The cable-connected food probe gives you pinpoint accuracy when preparing roast meat, fish and poultry by calculating the core temperature and displaying the remaining time. Monitoring the preparation progress of your meal has never been so easy and convenient.

TELESCOPIC RAILS

The telescopic rails allow shelves to be effortlessly extended all the way out without the need to remove or support them. Extended shelves sit securely in their tracks and provide complete stability for heavy cookware.

ENERGY EFFICIENT

The EU energy label system categorizes ovens according to energy efficiency. With ratings from "Class A to A++", Mia Cucina ovens are exceedingly energy efficient and environmentally friendly.

PIZZA STONE

A unique pizza stone replicates the conditions of an authentic pizza oven, delivering optimum cooking conditions for superb crispiness and flavour. Simply place the pizza dough directly on the oven's pizza stone - and you will be enjoying your very own professional-grade pizza in no time.

OVEN

MICROWAVE COMBINATION OVEN

QUICK AND EASY

With up to 1500 W grill power and 1000 W microwave power, the oven enables quick and easy food preparation.

MULTIFUNCTION COOKING

If you are looking for versatility, look no further than Mia Cucina's Italian Microwave Combination Oven with its convenient and intuitive touch control. It brings together the advantages of a traditional oven and the practicality of a microwave (grill + microwave) oven, giving you the flexibility to cook all of your favourite dishes to perfection.

The oven features three integrated settings in one — defrosting, grilling and microwave — with 9 cooking functions and a temperature of up to 230°C.

Microwave Combination Oven GYV34M

- Made in Italy
- 34 L capacity in 45 cm high
- Sensor touch control
- 9 functions
- MW / Grill / MW+Grill / Oven functions
- Maximum microwave power 1000 W
- Automatic cooking function
- Triple glass door

Built-in 2-in-1 Grill & Microwave Combi Oven

MMG250B

- 25 L capacity in 39 cm high
- Button and knob control
- 3 cooking modes
- MW / Grill / MW+Grill functions
- 8 built-in recipes
- Maximum microwave power 900 W

OVEN STEAM COMBINATION OVEN

HEALTHY COOKING

Steaming is a healthy way of cooking that helps retain the flavour, taste, texture and nutrients of food. Mia Cucina's Steam Combination Oven features all the functions of a conventional oven, combining both dry and moist heat, to deliver a constant temperature over time — and the most professional cooking results. The oven comes with automatic cooking functions that make it easy for aspiring chefs to select their desired setting with a simple touch control.

EFFICIENT STEAMING

The Steam Combination Oven is equipped with a removable water tank that holds up to 1 litre of water, enough for steam cooking at full power. Steam temperature can be set up to 130°C, making it ideal for all types of dishes, including fish, meat and vegetables.

Steam Combination Oven

GYV34S

- Made in Italy
- 34 L capacity in 45 cm high
- Sensor touch control
- 10 functions
- Automatic cooking function
- Triple glass door
- EU Energy Class A++

HOOD

Mia Cucina's hoods are the perfect addition to any style-conscious kitchen, integrating high-quality materials, skilful design, and advanced technology. Our European hoods are quiet and effective, ensuring fresh air and a clean cooking environment.

HOOD

TELESCOPIC HOOD

Telescopic Hood

MY60

- Made in EU
- Maximum extraction 12.8 m³/min
- Maximum noise level 64.5 dB(A)
- 3 speeds and intensive mode
- 2 grease filters
- 2 LED lights
- Soft touch control

MAXIMUM EXTRACTION

Having a powerful extractor fan can often mean compromising on quietness. Mia Cucina's European-made hood has a maximum extraction rate of 13 m³/min, providing quiet, efficient extraction at each of its 3 speeds, with an intensive function for extra-powerful extraction. The hood is able to eliminate smoke and odours rapidly with the touch of a simple soft button control.

MODERN DESIGN

Mia Cucina's hood epitomizes cutting-edge innovation and stunning design. The telescopic design gives you more space in the kitchen and maximum flexibility while cooking, extending from 60 to 90 cm to significantly increase coverage over the whole cooking area. Integrated with a large-perimeter chimney, it features an easy-to-clean filter so your cooking area remains clean and hygienic.

FRESHNESS

The intelligent timer for fan operation, and the automatic switch-off function in the intensive mode, allow you to cook with peace of mind.

The durable grease filter traps airborne oil particles, guaranteeing a fresh and hygienic cooking environment. And, to ensure the hood always operates at maximum efficiency, a filter status indicator tells you when the filters need to be cleaned. It is as simple as putting them in the dishwasher.

PLEASANT ENVIRONMENT

Thanks to the hood's LED lamps, you can enjoy excellent illumination without distorting the colour of food. You will also be pleasantly surprised by the maximum sound level — a very quiet 64.5 dB(A).

Telescopic Hood

MY90

- Made in EU
- Maximum extraction 13 m³/min
- Maximum noise level 65.8 dB(A)
- 3 speeds and intensive mode
- 2 grease filters
- 2 LED lights
- Soft touch control

LAUNDRY

Mia Cucina's high-functioning washer-dryer provides you with the ultimate level of flexibility and freedom, washing and drying your clothes precisely the way you desire. Packed with a wide range of features, this innovative and stylish unit perfectly controls your laundry cycle from start to finish — allowing you to get on with other tasks.

LAUNDRY WASHER-DRYER

Built-in Inverter Steam Washer-Dryer MWD860B

- Hong Kong Energy Label Grade 1
- Hong Kong Water Efficiency Label Grade 1
- 8 kg washing capacity
- 6 kg drying capacity
- Maximum spin speed 1400 rpm
- Inverter motor
- 16 programmes
- Steam function
- Pet hair removal
- Sensor touch control with rotary knob
- Enlarged front door design

“Steam” function generates warm steam to soften fabrics and sterilise clothes, which effectively eliminates bacteria and prevents odours.

The 15-minute rapid wash and the 1-hour wash and dry programme are ideal for light laundry loads and busy days.

“Drum Clean” function removes stubborn stains, detergent residues and harmful germs inside the drum at a high temperature of 90°C.

Inverter motor reduces component vibration, effectively lowers noise and minimises energy consumption.
