

OVEN

There is nothing quite like preparing the meal of the day with a fine oven. Our collection ranges from 34 L to 65 L, including a built-in gas oven that is the only one you can find on the market. Mia Cucina gives you the flexibility to choose the perfect fit for your space and cooking requirements. Designed to match with other Mia Cucina appliances, our versatile ovens give you the freedom to explore more culinary options and delight the whole family with new taste sensations.

OVEN

GAS OVEN

Made in Italy, Mia Cucina's built-in gas oven guarantees optimal culinary results. Using flame cooking for added practicality, the oven delivers grill and traditional oven functions. Equipped with various temperature settings and a time reminder function, you are assured of the most ideal cooking experience.

FLAME COOKING

One of the best baking results is achieved with flame cooking by a gas oven. This 57 L brand-new model includes traditional and grill functions with various temperature setting and time reminder to guarantee your meals are cooked professionally and healthily.

PROVING FUNCTION

It is specially designed to maximize proofing for perfect pizza or bread by offering a consistent environment to keep the dough warm and soft.

ROTARY SPIT

Fill your home with delicious aroma of freshly made food, the oven provides a rotary spit allowing various grilling styles, particularly for roasted chickens.

BUILT-IN CONVECTION FAN

With a fan and extra heating element in the interior, the hot air inside is circulated evenly around the food and its wide range of temperature up to 240°C gives more consistency of your cooking and accordingly a satisfactory culinary result.
